Gretchen,
Would this go to you or do I need to handle this one? Thanks!

Thank you,

Ms. Hamilton,

I write today to request pursuant to state open records law, any additional documents regarding the Aaron Reardon investigation that have been made public since the initial 95 page report was released late last month.

Specifically, I am looking for the documents described in today's Everett Herald which they

referred to as "transcripts of interviews and correspondence".

I am only seeking whatever investigative materials have been cleared for release - I do not intend to affect a search for responsive documents or communications.

If possible, I would appreciate the document in electronic format.

Thank you,

E. Thomas

consider this an official ORA request for the document in question, in electronic format if possible. I am hopeful that the fact that the record has already been released might expedite this request. Please let me know if there is anything I can do to assist you.
